Tree & Shrub Planting Checklist

- ? **Peat Moss – To loosen up compacted soil.**

- ? **Weed barrier (Landscape fabric) – Ours is professional grade. It works, and it lasts! And, it makes your life easier!!!**

- ? **Mulch – To conserve moisture and add the final touch!**

- ? **Fertilizer – 5-10-5 or 10-10-10 to get the roots growing and rooting in to make a healthy, sturdy plant. Fertilize once a year in the spring with granular fertilizer to keep shrubs healthy.**
